NEW WELL SPUD IN TANZANIA

Aminex PLC ("Aminex") announces that it has been advised by Tullow Oil, operator of the Ruvuma PSA in southern Tanzania, that the Likonde-1 well was spudded at 7.30 hrs on 9 January 2010. Likonde-1 well will test multiple targets in the Tertiary, Cretaceous, and Permo-Trias Karoo intervals.

Participants in the well are Tullow 50%, Ndovu Resources Ltd. (an Aminex company) 37.5% and Solo Oil 12.5%.

Further announcements will be made when there is appropriate information to report.
